AGING SKIN

“My client has suffered a lot of skin damage from spending years in the sun. She started treatments regularly that including microneedling, facials and using NeoGenesis products for her in-home routine.

During the last 7 months, we have seen improvement in the health, strength and density of her skin, decreased pore size, and of course, we are seeing the lines and wrinkles softening. Overall, we are seeing more vibrant and healthier looking skin.

Seeing such an improvement with the products and an increase in the healing from the microneedling. Her skin was having a hard time healing previously, but it is much quicker now.”

AGING SKIN

"I started using NeoGenesis in July of 2016, and noticed a difference in how my skin felt immediately.

Within 48 hours I could feel a real difference in the texture of my skin; it felt so soft and hydrated.

After 4 months I was amazed by the difference in my face and my neck. The wrinkles on my forehead between my brows are reduced dramatically in depth, as well as the "jowls" around my mouth, and the crepey skin on my neck.

And I could go on... I was recently with a group of friends I had not seen since I began using your products. They say I look 10 years younger!

Thank you NeoGenesis. I will never stop using your products." – BR

AGING SKIN + ROSACEA + ECZEMA

"This customer started using NeoGenesis products as she was looking for a skin care routine for age management, as well as, address redness and eczema. Wrinkles were her main focus, especially around the eyes and between her eyebrows.

After starting a consistent routine, the texture of her skin now looks smoother, feels firmer and the redness has drastically decreased. The lines around her mouth and eyes have also decreased.

The Recovery serum and Barrier Renewal Cream really helped the eczema she had on her leg.

She feels great using the products and has had compliments that her skin is glowing." - LR

"My client came to me for treatment of her aging skin. As she ages, her skin has become a lot drier and it requires more moisture. She has wrinkles and fine lines around the eyes, and above her lips. Her skin is irritated at times, and very sensitive. She has some redness and pigmentation.

After her first month using the NeoGenesis products, she noticed the pigmentation has lightened, her skin seems brighter and firmer. She has not experienced any itching or irritation. As the months have progressed, she feels more lift, her skin continues to brighten and the pigment has improved. Her skin really feels smooth now." - Terrilee Stolberg

"MH came to me with aging concerns that included: lower face and between the eyes sagging, large pores, elasticity at the jawline and fine lines. She wanted smoother skin, less defined pores and more lift and firmness.

I started her on the NeoGenesis products, twice per day, in the morning and evening. I also gave her professional treatments including HIFU and Microneedling.

Over the course of a year, her skin is probably the smoothest and most supple that I have ever felt. There is hardly any congestion in the skin now, and the pore size is pretty much non-existent. I see a huge overall improvement. Her skin is really glowing, plumper and the skin tone looks even and brighter."

I started her on facials and the NeoGenesis products. Her skin texture was always rough and is now feeling soft and supple, and the darkness has improved. The fine lines and wrinkles have practically diminished, and we are seeing a huge improvement on the dark circles under her eyes.

Her skin is looking incredible and feeling good!

AGING SKIN + ROSACEA

"JM has broken capillaries and redness (Rosacea) in her cheeks, as well as in the top of her T-zone. When using other products, JM felt they left her face very oily, but with NeoGenesis she feels like her skin absorbs them. Her skin does not feel greasy, but has a bright complexion. She does not need makeup/powder/foundation since her skin looks so good. She has been singing the praises of NeoGenesis from the rooftops, absolutely love the products and is recommending them to everyone.

JM has stuck to her protocol perfectly, and checks in pretty much every day, wanting to make sure she uses the products as intended. She has already seen tremendous results – skin looks and feels incredibly healthy. This has been a game changer for her. She Loves, Loves, LOVES the products!"

"This client has had multiple health issues and was diagnosed with Lyme disease. She started having skin issues from the medications she was taking. Her skin began to age quickly, and was very congested and red. It had a rough texture and she was getting frequent breakouts. She also started to develop hyperpigmentation. She attempted to exfoliate away the damage to create a smooth, glowing surface, but over-exfoliation led to an impaired barrier and unhealthy skin.

She started to notice an improvement in her skin within 2 weeks of starting on the NeoGenesis products - less congestion, redness and fewer breakouts. Over time her skin has improved significantly. The barrier is healed, she has far less congestion or breakouts occurring and any redness is minimal. She now has a glow! As you can see from the photos, the hyperpigmentation has diminished and her skin really looks great." - EL

There is more fullness in the center of the face. I see improvement with the fine lines in between the eyebrows, as well as the divets in the chin. The laugh lines in the corner of her mouth as softening. The center apple of the cheek is starting to plump. Facial volume is increasing.”

"This client had age management concerns and had tried multiple product lines without success. The lines around her mouth were becoming more prominent, as well as neck and forehead lines.

After a month of using the NeoGenesis products she was already starting to see a softening of the lines around her brows and mouth. The texture of her skin was also softening. At the 2-month mark, she introduced Mandelic Acid into her skincare routine to see if her hyperpigmentation would improve. Her skin felt healthier, supple and smooth to the touch.

Over the next few months, she started seeing less lines around the forehead and mouth area. The hyperpigmentation has started to lighten. Her neck looks less crepey. She will continue to use the products and is pleased with the results so far." - JD

"I have been extremely pleased with the NeoGenesis skin care products I have been using them for the last 90 days.

The Cleanser does not leave my skin feeling dry, as my past cleansers have. The Recovery and Booster serums absorb quickly and feel refreshing. The Intensive Moisturizer is not heavy and also absorbs quickly. The Eye Serum helped to diminish my dark circles. I also tried the Enzyme Crème Mask and loved it. No reactions or issues. I like that the products absorb well; leaving no tacky feeling.

I have found my skin to be smoother, with fine lines diminished, along with my skin looking brighter since using NeoGenesis products.
