1 MONTH

DERMATITIS

"I have had this rash for over 5 years. We tried almost everything, but no improvement.

I started using NeoGenesis products about six weeks ago, and WOW! The itching has gone down... the area was also very tender and it's less sensitive today.

It's gone from a scaly, thick patch to actually feeling like "real skin" again." – ML

DAY 0

DAY 7

DERMATITIS

"I have had a rash on the back of my legs for a couple of years. It would itch and I had all these bumps running down my leg... I was told it was some type of dermatitis, most likely caused by stress and diet..."

My mom bought me a product called Recovery by NeoGenesis. I put it on twice a day and the rash was gone in a week. Recovery is such a cool product!"

PERIORAL DERMATITIS

NEOGENESIS PRODUCTS USED:

Cleanser, Recovery, Barrier Renewal Cream, Moisturizing Mist

“I suffer from Graves disease and Thyroid Eye Disease (TED). There are very little treatment options for TED available in Australia and what is offered is preventative rather than treating the cause. My treatment consisted of oral and intravenous steroids to assist in the inflammation in an effort to preserve the optic nerve and prevent long term damage. This treatment somewhat helped my TED although my appearance will forever be changed.

My GP has attributed my dermatitis (perioral) to the continued disruption to my immune system and the long-term use of steroids resulting in a steroid withdrawal reaction. The dermatitis is predominately around my nose, eyes and chin. It feels like a burn – often stinging, tender to touch and itchy. I have tried long term antibiotics (doxycycline), Rozex (metronidazole), tea tree products, sulfur masks, cicaplast cream, and a range of other “drug store” cleansers and creams for 12 months without any success.

I was recommended to try NeoGenesis by my injector – Skin Solutions, based in Canberra. They ordered the Ultimate Pro-Post Treatment Kit. I started using the products as recommended on the protocol card last Friday and had an incredible result by the following Monday. A huge difference for me is the general level of inflammation on my entire face has drastically reduced.

Given the change in my appearance from the TED, I already lack confidence in my appearance and when I developed the dermatitis it really hit hard. I can’t tell you how much I appreciate your products. Not only do they help with skin concerns but they help build confidence. They have given me hope and they have truly made a difference to my day-to-day life in such a short amount of time.

I’m now so nervous about running out of product that I have put a reminder in my phone to re-order.

From the bottom of my heart, thank you so much for making such a huge difference in my life.” – AM

SEBORRHEIC DERMATITIS + ROSACEA

“Client has chronic issues with seborrheic dermatitis and rosacea. Her triggers include stress and certain types of food. Her skin develops pustules and areas of redness and becomes flaky and itchy. She is now using the Recovery serum when the itch gets really bad and it relieves it. She loves the Barrier Renewal Cream, as it is soothing and really helps with the dry skin.” – LK

NEOGENESIS PRODUCTS USED:

Cleanser, Recovery, Skin Serum, Eye Serum, Intensive Moisturizer, Moisturizing Mist, Salicylic Acid Gel, Barrier Renewal Cream

SEBORRHEIC DERMATITIS

"I had seborrheic dermatitis on different areas of my body. It was primarily under the eyes and near my nose, and I got some patches on my forehead and eyebrows. It also spread to my chest and finger. I was put on a steroid medication that worked for a very short time and then another cream that did not help the issue.

My sister and my cousin introduced me to NeoGenesis. I started using NeoGenesis Cleanser, Recovery and Moisturizing Mist. After just 3 months, I have none of the symptoms I had before and no itching. My skin feels awesome and moisturized. I get compliments on it too, to be honest with you. It's something else, it really is. It's unbelievable how effective the products are." – NC

Cleanser, Recovery, Moisturizing Mist

DAY 0

DAY 58

ECZEMA

"This client has had eczema since she was 16 years old and has seen 3 Dermatologists to try and get relief. Nothing has worked so far, and when it flares up, it seems to get progressively worse.

She started on NeoGenesis Recovery serum, Barrier Renewal Cream and MB-1. In less than a month the eczema on her chest got better and within 2 months, the redness has completely subsided." - SL

DAY 0

DAY 14

ECZEMA

"I have had Eczema on my knees for 5 years.

I have tried topical steroid creams from the doctors, but it always comes back shortly after I stop using the cream.

I started using NeoGenesis Recovery Serum twice a day and within 2 weeks it was completely cleared up. I was amazed at how fast it happened.

Now I apply Recovery twice a week and I am going on 10 months of my knees being completely clear. I love this stuff!" – DC

2 MONTHS

ECZEMA

"I have suffered from Eczema for over 20 years. I tried every product out there with no change or effect.

After using the NeoGenesis Recovery serum for only 2 months, the Eczema has disappeared. No more redness or itching.

I cannot say enough about this wonderful serum! It has literally changed my quality of life!" – BK

DAY 0

DAY 42

PSORIASIS

PROFESSIONAL FEEDBACK:

Day 1 – “Patient has had Psoriasis for approximately a year now. It started on a very small surface and spread out on her elbows, knees, ankles, scalp, and also random patches on her legs. It is constant, never goes away, and in the past year it has gotten worse. The lesions itch and hurt significantly and continuously. On a scale from 1-10, 10 being the worst, a solid 7 at the time of the pictures.

Day 42 – As you can tell in the pictures there is significant improvement in the aspect of the lesions. She has no pain, some itchiness but subsides quickly. The scaling is significantly less and the size of the affected area decreased considerably.”

Recovery

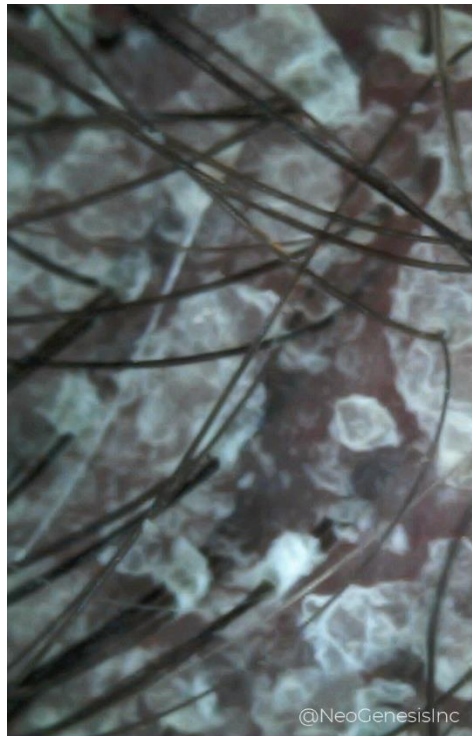

I have been battling dry, flaky scalp for many years. Although it never itched or caused any discomfort, I was constantly picking at my head. I tried different shampoos, including several different anti-dandruff shampoos, and I switched out my other hair products, but nothing worked. I went to a dermatologist who recommended the same products I had already tried. It was really a devastating feeling.

Last month, I reviewed a NeoGenesis case study on a patient with terrible psoriasis on their scalp, who had amazing results. So, I applied the Hair Thickening Serum 2 times a day. Within 3 days, I could feel an amazing difference. I continued to apply it directly onto my scalp 2 times a day for a week. The results are astonishing! My scalp is back to a smooth even surface without the dry flakiness. As I run my fingers over my scalp, my scalp feels fabulous.

I can't tell you how good it feels to have my normal scalp once again. Thank you NeoGenesis!!!! – LP

PSORIASIS

DAY 0

5 MONTHS

“Recovery Serum was amazing for my psoriasis! I am very familiar with this distressing skin condition as my mom had suffered very severely with it all of her life, with no real relief from the myriad of creams, ointments and bath soaks her doctor prescribed her. My sister currently takes an oral chemotherapy drug to keep her psoriasis under control.

I contracted psoriasis on the back of my scalp at the beginning of this year. By March, my scalp had redness and severe flaking. I’d heard about NeoGenesis products when attending Oncology Spa Solutions class earlier this year. I applied Recovery twice daily for about 30 days. I am absolutely delighted to share with you that the psoriasis cleared up completely and has not returned. That was 4 months ago.

I have been in the aesthetics industry over my 30 years and have worked with many lines. I must tell you that your products are quite extraordinary. Let me know how I can get the word out. Many thanks.” – GF

Note: Patient took many photos of her scalp using a device that magnifies 200x.

DAY 0

2 APPLICATIONS
OF RECOVERY

PSORIASIS

"My dad has suffered from psoriatic arthritis for about 30 years. We've used the Recovery and Enzyme Crème Mask on the worst areas of his arms, and the results are very, very impressive.

In just two applications, the red areas look significantly calmer, the white areas aren't dry and patchy anymore. With continued use, the areas will undoubtedly return to completely healed skin.

For anyone suffering from psoriasis, I would strongly encourage them to try this solution!!!" – EL

Recovery, *Enzyme Crème Mask

**Only available in the U.S.*

PSORIASIS

"My mom had psoriasis on multiple places on her body including the neck, scalp, hips and ankles. These photos are from the back of her neck and her scalp. Mom used Recovery, Barrier Renewal Cream to restore the outer layer of the skin (no scent) and Moisturizing Mist.

She used Recovery serum for 3 days and had no more discomfort or itching. After one month the psoriasis was improving and going away. No itchiness on the back of her neck and not itchy anywhere on the body. After 2 months it was pretty much clear everywhere other than some lingering redness on her neck. After 4 months she was no longer getting breakouts. After 5 1/2 months mom just had a little dryness and was slightly red on the back of her neck but everything else is gone!"
